Communicating INSPIRE

Messaging Campaign for INSPIRE

The INSPIRE online resource library is not new. Established in 1998, INSPIRE is a collection of online academic databases and other information resources for research, test prep, continuing learning, and providing resources for Indiana history that can be accessed for free by all Indiana residents. More importantly, INSPIRE is a trusted source of research information. With the prevalence of non-vetted internet content, now it is more important than ever for researchers to have access to reliable scholarly, peer-reviewed information.

Lifelong learning library for Hoosiers.

How can you promote INSPIRE to your audience?

Many of you already incorporate the INSPIRE databases or landing pages within your local library websites. We want to help you promote these great resources, so we are providing you with a set of social posts for use on your website or social media pages. We've also provided a suggested caption with each post.
